James,

Thanks for sending this. I think it might be prudent to see if there has been any contact between the person on the card and anyone in your office and/or if they have had any access to any of your equipment.

I have let our investigations Division and CES know, and they might follow up with you. Let me know if you have questions or concerns.

Mr. Harvey,

The Dominion email today, pertaining to Cyber Ninjas, was alarming to me. When I took over at the Coffee County office the attached business card was at the base of Misty Hayes' computer monitor. I

thought nothing of it until I heard about the situation in Arizona with the DOJ. If she did not use them, she was at the very least in contact.
